Re: Food & Drug Administration – **BIOTERRORISM ACT OF 2002**

This letter is to advise you that all import shipments require that both domestic and foreign facilities be registered with the FDA.

The Bioterrorism Act of 2002 also requires **PRIOR NOTICE** to be submitted for all import shipments.

If you need any further clarification on this subject please feel free to contact us or you may contact F.D.A. via telephone at (305) 526-2800.
